

Using the Email Ad to a Friend Feature at www.DentalTechnologyJobs.com

The Email Ad to a Friend feature is an easy to use tool that allows anyone viewing an ad at www.DentalTechnologyJobs.com to easily send the ad to their friend or anyone else they choose. The Email Ad to a Friend link is in the left column of any ad.

Any ad viewer can simply click on this link and immediately send the ad to a friend. When they click on this link an online form is presented to them. They simply fill out and submit the form and we will send an email along with a link to the ad to their friend. The friend will receive an email from us along with your message (if any) and a link to the ad.

Employers can also use this feature to send their ads to others who might play a role in presenting their ad to an interested candidate. In this way employees, sales reps and other dental contacts can be made aware of an available job opportunity and send it on to their dental contacts as well.

Send This Ad to a Friend!
